

Rollover Accounts 2017-2018

Meal Plan	Price	Minus Base Cost	Balance*
A	\$3,360	<\$1,490>	\$1,870
B	\$3,225	<\$1,490>	\$1,735
C	\$2,925	<\$1,490>	\$1,435
D (not available to 1 st years)	\$2,675	<\$1,490>	\$1,185

Meal Plans A and B have limited rollover capability. The balance* difference between A or B and plan C, if unspent, will be credited into a rollover account for continuing usage. The maximum Rollover is \$300 for Plan B and \$435 for Plan A. There are no rollovers or credits from Plan C or D, or from the first \$1,435 in balance* from plans A or B.

Rollover Accounts will terminate at graduation, leave of absence or withdrawal. No refunds or credits will be issued. Rollover funds from the current academic year will receive the prevailing discount for meal plan purchases. Rollover funds from prior years do not receive discounts.

*Balance includes VENDING: Funds remaining in your vending account, if any, will be included in your rollover calculation. Vending accounts included in meal plans:

- Plans A & B \$80
- Plan C \$50
- Plan D \$30

“Rollover Current” vs “Rollover Prior”: Rollover funds accumulated in the current academic year earn the prevailing discount, because the base costs for this year have been covered. In spring semester, two forms of Rollover accounts are accepted. “Rollover Current” earns the 50% discount, whereas “Rollover Prior” accounts do not earn discounts. Both may be used, but we suggest that for best value, “Rollover Current” funds be depleted first.

D	N/A	Directly to FLEX	N/A

How do I get the maximum rollover? Is it late in the semester and you have more money in your account than expected? You are welcome to purchase items in bulk from the Marketplace or Tiger Cooler. However, you may also want to consider a rollover account. If you are on Plan A or B this semester and will be returning next semester, you qualify. Rollover accounts are accepted in any dining facility any time, including summer and winter breaks. If you move off campus later in your Oxy career, a rollover account can give you a cushion to your food budget. However, rollover accounts are never refundable, and will end when you graduate, or if you should go on a leave of absence or withdraw from Oxy. Subject to these conditions, if you study abroad under an Oxy-sponsored program, your rollover account will remain valid.

If you are on Plan A:

You may leave up to \$435 in your account (including vending) and this amount will roll over. Excluding additional Meal Plan deposit(s), any amount over \$435 left from the starting balance will be forfeited.

If you are on Plan B:

You may leave up to \$300 in your account (including vending) and this amount will roll over. Excluding additional Meal Plan deposit(s), any amount over \$300 left from the starting balance will be forfeited.

Rollover Examples:

Example 1:

Sam buys Plan A, and his balance at the end of the semester (including vending) is \$250. His rollover amount would be \$250.

Example 2:

Freida buys Plan B, and her ending balance (including vending) is \$400. The maximum rollover on Plan B is \$300, which would be her rollover amount.

Example 3:

Sal buys Plan C
